

Drinking and driving won't just destroy **your** life.

We hope your life is never devastated by the loss of a loved one through drink driving.

Don't risk your life or that of another road user by drinking and driving

Useful advice:

- Leave your car at home so there's no temptation to drive
- **Find out the time of the last train – leave time to buy a ticket**
- Put your local taxi number in your mobile NOW and book in advance
- **Staying sober? Why not offer to drive and share your car and the cost of the journey with friends?**
- Stay in a local hotel – you may get a discount for a group booking
- **Club together for a minibus or ask your employer to provide one**

Tolerance to alcohol depends on a combination of factors including weight, age, stress and recent food consumption. The best way to stay safe is not to drink and drive.
